

CARTNET™

Cost effective and environmentally friendly, InCord CartNet offers a durable and reusable containment solution for food, beverage, display and distribution carts.

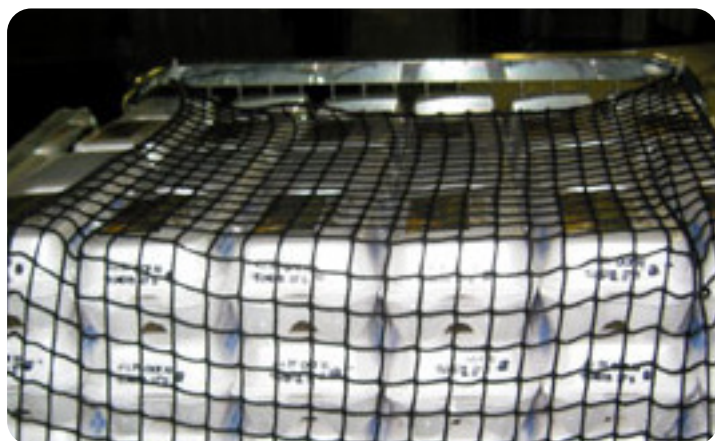

- Easy to attach
- Stores compactly
- Available in a variety of mesh sizes
- Custom attachment and liner options

MATERIALS

Optional mesh liners are available for the containment of small items. Material, mesh size, and attachment options are available to suit your specifications.

CartNet also extends over the top of a cart to keep product secure.
